Stone Plastic Composite Rigid Core Click Plank Flooring known as hybrid flooring

DURA\*6 - “IXPE BACK PADDING FITTED VERSION”

## INTERNAL FLOORS - direct float over most substrates

### Description -

6mm total thickness / 0.5mm wear layer / 1.5mm IXPE

SPC Hybrid Flooring is a very durable, waterproof click plank float flooring for both commercial and residential installations. Dura Collection “IXPE back padding fitted version” lets you float install directly over most prepared substrates without the need for an underlayment. The 1.5mm IXPE back pad gives you an acoustic, cushioned, moisture resistant backing, allowing for a fast and easy install. For that extra acoustic reduction float install over our Insulayment or Quietwalk Plus Underlayment. Realistic looking timber grain textures and 7 new bold colours.

- No. 14D magnum
- No. 15D Mink
